A Message from Mr. Johnson

June

I would like to take this opportunity to thank our Cheyenne students, staff, and parents for making this school year a positive and productive one. Thank you for your continued support of the many wonderful things that happen at Cheyenne on a daily basis. Cheyenne's staff members care for children and work hard to ensure success for every child. This dedication to children includes providing a safe and nurturing environment for all students to find success. We appreciate our teachers for their involvement in school improvement efforts, and their commitment to the Cheyenne Community.

We will continue to work in partnership with our families to make certain our children are provided the necessary tools to succeed. We are extremely grateful for all of the time and effort our parents give to us over the course of the school year. Our PTO is very active, providing financial support as well as important activities that all Cheyenne students may enjoy. Parent volunteers are critical to our success.

We are very proud of everything that our students have accomplished this year. There are so many positive experiences that our students can be a part of throughout the school year. Our best wishes go to our fifth grade students as they finish their last month of elementary school and continue their educational journey to Seneca Middle School. Remember that your experiences at Cheyenne will help you to be successful at the next level.

On behalf of the Cheyenne staff, I wish you a safe, restful and relaxing summer. Thank you so much for the opportunity to be a part of your lives! Along with having fun and relaxing, there is always time to continue reading books, writing, or reviewing math facts. Over the summer, I encourage you to continue educating your child as summer learning can make a big difference in preparing children for their next grade level.

Enjoy your summer and remember to ***Make Your Day Sunny***!

Yours in education,

Mr. Johnson

Batko's Bulletin

This has been an amazing school year! I hope that you and your child had the opportunity to create some amazing memories this year. One of my favorite experiences this year was when the Brainstormers Company came to Cheyenne during March Reading Month. Prior to the assembly, students were asked to create stories individually or in partnership with their entire class. The Brainstormers Company then selected some of those stories to perform live during two assemblies. The stage adaptation of each story came complete with costumes, props, music and audience participation. The students were so excited to see their own stories or stories written by their friends "come to life." This was just one of many fun days at Cheyenne! Enjoy the last few days of school and have a wonderful summer!

Fondly,

Heather Batko
Assistant Principal

Buddy Benches

Cheyenne will be the proud recipient of a Buddy Bench built by former Cheyenne student and Troop 149 Boy Scout Alex DeMaria. This bench will be made by Troop 149 Boy Scouts under Alex's direction as his Eagle Service Project. The Eagle Scout Service Project is the opportunity for a Boy Scout in the Boy Scouts of America (BSA) to demonstrate leadership of others while performing a project for the benefit of his community.

The second Buddy Bench is courtesy of Cheyenne Student Council who raised money in February and March for a Buddy Bench which Home Depot graciously installed!

Sitting on the Buddy Bench is a signal to others that the student would like to play with someone.

Dress and Grooming

As warm weather approaches, spring/summer clothing replaces the parkas and sweaters of the past months. Students' dress and grooming are the responsibility of the student and his/her parent. It is our desire that students come dressed in a manner that would result in an atmosphere conducive to learning. We do not wish to be stern or rigid with our dress code policy. We do, however, want our students to learn what kind of attire is acceptable and in good taste for school. Following are the guidelines regarding personal appearance:

- Clothing and grooming should be clean and keeping with health practices.
- Shoes must be worn at all times. *Backless sandals and flip-flops are not allowed.*
- Clothing and grooming must not be hazardous to any activity.
- Clothing and grooming should not be a distraction or disrupt the educational process. This includes hair dyes.
- Sagging or extremely baggy pants are not acceptable.
- Tops that expose any area of the midriff or hang off the shoulder or halters and tank tops with spaghetti straps are not permitted. Shirts must cover the shoulder.
- Shorts that are considered "too short" are unacceptable; the same holds true for skirts and skorts (recommended length is mid-thigh or at least fingertip length).
- Sunglasses, hats, or bandanas are not permitted in school.

We ask that parents and students exercise good judgment with regard to dress each day they come to school.

Research-Based Tips for Parents

What YOU SAY can positively affect your child's success in school and life. Research shows that parenting with a *GROWTH MINDSET* better ensures your child's success in school, sports and life! Giving children specific praise for their effort, perseverance and practice can greatly improve their achievement. Please see the chart below for growth mindset phrases to use with your child.

INSTEAD OF:	SAY THIS:
Wow, you make it look easy!	Your practice is paying off.
You keep making mistakes.	I really like how you learned from your mistakes.
Would you make up your mind and get this done.	I like how you kept trying new ways to get there.
You need to learn to do this by yourself.	You tried hard. Then you asked a friend for help with building the plane. Great!
You are so smart!	I like how you put so much effort into figuring out how to solve the problem.
You are a natural artist.	Wow! How did you learn to draw so well?
We should pick something easier for you to do.	This is challenging. It takes a lot of practice to get it right. So after this project you will be better at it.
You will never learn to swim.	It might take a little while, but if you put in the time and effort I bet you can learn to swim.
