

A Message from the Superintendent

Dear Friends,

This annual edition of our Vision newsletter celebrates the Class of 2023, including Summa Cum Laude graduates who have maintained a grade point average of 3.9 or above. It is equally impressive that of our more than 1,200 graduates, 446 graduated with a GPA of 3.5 or greater. These numbers indicate a commitment to one's schooling and academic achievement.

Ron Roberts
Superintendent

At Chippewa Valley Schools we offer numerous options for students to excel. Beyond the challenge of the general curriculum, students have options to choose from to meet their individual needs. Students can participate in accelerated courses, advanced placement, Early College, dual enrollment, the International Academy of Macomb, Career and Technical Education, and the arts. As one of the finest public school districts in the state, our goal is to offer diverse programming that meets the current needs of our students and prepares them for a lifetime of success.

The mother of 2015 graduate, Tori Pellerito, recently contacted me. She informed me that her daughter is currently a Pathway Intern with NASA and is completing her doctorate at the University of California, Irvine. Tori credits much of her success to her teachers and administrators while a student in our district. I am filled with pride considering that one day important decisions at NASA may be made by a student who is a graduate of Chippewa Valley Schools.

This is just one success story of many. Our students leave us and pursue careers in countless areas: medicine, manufacturing, engineering, retail, technology, the arts, teaching, and many others. Academic skills are important, but we also prepare our students for the 21st century work force by helping them develop important skills in communication, teamwork, critical thinking, collaboration, and problem-solving.

Students succeed when they are surrounded by adults who believe in them. Our students are fortunate to attend schools that are staffed with caring adults. They come from families that prioritize education and believe in its transformative power. Our parents are committed and involved. Additionally, our district is fortunate to be located in a community that supports our efforts to educate its children.

It is my privilege and good fortune to serve as Superintendent of Chippewa Valley Schools.

We look forward to a great 2023-2024 school year filled with much success.

Sincerely,

Ron Roberts,
Superintendent
