Dear Chippewa Valley Schools Families,

We want to thank our families for your support and understanding as we continue to navigate through this unprecedented time in our nation and school community.

During our school closures, we pledge to continue to support our families in a variety of ways. Realizing that many families rely on our school nutrition program, we plan to extend our breakfast and lunch program to families in our community with convenient pick-up locations.

This week, you will receive detailed information via SchoolMessenger on the following items:

* **Materials Pick Up** - A date and time (scheduled alpha by student’s last name) for all students who missed school on Friday to retrieve their personal items and academic supplies to continue learning at home. These schedules will follow CDC and Michigan Department of Health and Human Services guidelines that limit the number of people allowed inside our building at one time. Therefore, it will be important that everyone adhere to their scheduled time. Individuals that come outside of their scheduled time will be asked to wait outside.

* **Food Service Deliveries** – Families will receive information on how they can obtain breakfast and lunch ‘to-go’ meals that can be picked up at locations throughout our school district. All food packages will be prepared and delivered by our trained food service staff. This schedule will be communicated soon.

* **Learning at home** – Over the next couple of days, parents will receive additional information on SchoolMessenger regarding available resources for at-home learning.

Thank you for your patience during this time. As we move forward, if we can be of assistance or help answer any questions you may have, feel free to reach out to us directly at 586-723-2240.

Sincerely,

Ron Roberts
Superintendent
