Personal Resources

Personal Resources

My Resources is your own personal library of documents that you create in Schoology or download from other sites. It's easy to organize, create, and copy/move your resources right from the **My Resources** page. Saving your documents in this personal library enables you to access them for years to come and use them in any courses you take in the future.

To view your resources, click **Resources** at the top of Schoology.

The screenshot shows the Schoology user interface. At the top, a blue navigation bar contains the Schoology logo and menu items: COURSES, GROUPS, RESOURCES (highlighted with a red circle), and GRADES. On the right side of the navigation bar are icons for search, a grid view, a calendar, an email icon, a notification bell with a '1' badge, and a globe. Below the navigation bar is a sidebar with icons for Search, Personal, and Group. The main content area is titled 'My Resources' and shows a 'Home' folder. To the right of the 'Home' folder is an 'Add Resources' button. Below this is a table header with a checkbox and the word 'Title'. The main content area is currently empty, displaying the message: 'There are currently no items in this collection'.
